### MATCH REPORT

We kicked off the season on the weekend in Round 1 against Sydney University. In what was an unusual week leading up to the game, given the weather conditions in Queensland - there was some doubt whether the game was going to go ahead or not. Obviously this wasn't the ideal preparation as we were looking at solutions in the case the game was going to be called off. Fortunately, the game was given the all clear to go ahead and in the end the ground came up in really good condition, given the amount of rain it had received only a few days earlier.

The result of the game wasn't so positive for us, as we went down by 32 points in the end. At three quarter time we were only trailing by 7 points, however, a really poor last quarter with some undisciplined acts and a lack of composure at times was the difference in the game.

On a positive note, our first half was really impressive. Our ability to win the contested ball and pressure the opposition was a highlight. We started the game off kicking 6 goals in the first quarter, and showed that our best footy is good enough. As a team we will take a lot of positives out of the weekend's game as we head down to Sydney this week to play the Swans.
